

U.S. Department of Transportation  
**Federal Highway  
Administration**

**IMPORTANT:**

Crews to Install Large Storm Drain Pipe  
On Camino Don Tomas for 10 Days  
Beginning June 1, 2020

*NOTE: All work is scheduled weather permitting, and is subject to change without notice.*

Beginning **Monday, June 1, 2020** and lasting for about 10 days, through **Wednesday, June 10, 2020**, Camino Don Tomas will be **right-in and right-out only** so crews can install a 60-inch storm drain pipe and new manholes. **No left turns in or out of Camino Don Tomas and no thru lanes will be open.**

Traffic heading north on Camino Don Tomas south of U.S. 550 will **ONLY** be able to turn right and head east on U.S. 550. Traffic will NOT be allowed to cross U.S. 550 or turn left.

Traffic heading south on Camino Don Tomas north of U.S. 550 will **ONLY** be able to turn right and head west on U.S. 550. Traffic will NOT be allowed to cross U.S. 550 or turn left.

Traffic heading west on U.S. 550 will not be able to access Camino Don Tomas.

Traffic heading east on U.S. 550 will **ONLY** be able to turn right and head south on Camino Don Tomas. Traffic will NOT be allowed to turn left.

We apologize for the inconvenience, but must close the entire intersection in order to safely perform the work.

***Motorists are encouraged to seek an alternate route during this work.***
