

Construction Update: Week of Nov. 16-22, 2020

NOTE: All work is scheduled weather permitting, and is subject to change without notice.

REGULAR WORK HOURS: Monday-Friday 7 a.m.-5 p.m. although crews may work longer hours or weekends if needed.

NEW – On **Wednesday, Nov. 18** and **Thursday, Nov. 19**, the left lane of eastbound U.S. 550 will be closed for approximately 200 feet west of the intersection of U.S. 550 and NM 313 (Camino Del Pueblo) so crews can complete some final work in the area. **Motorists should expect delays.**

CONTINUING: Crews are placing colored concrete east of Camino Don Tomas, completing placement of sidewalk at the southeast corner of the Rio Grande Bridge and preparing and placing a new water line west of the Rio Grande Bridge. Due to the new median on U.S. 550 from NM 313 (Camino Del Pueblo) to Camino Don Tomas, businesses will only have right-in and right-out access. Left turns will only be allowed in designated areas. **There will also be inside lane closures from the bridge, to West of the 550 and 528 interchanges and from Carr on 528 to 400' North of 550 on Tamaya.**

Eastbound traffic will continue to be shifted to the north for crews to pave a section of U.S. 550 west of Camino Don Tomas this week (weather permitting), with reopening of the roadway tentatively scheduled for the week of Nov. 21-27. Access to some businesses will be from eastbound U.S. 550 between Guang Dong Chinese Restaurant/Pharmacy Plus and Speedway, as shown on the map below.

NOTE: Construction is tentatively scheduled to move to the west side of the Rio Grande in late December 2020.

Two travel lanes in each direction (east and west) are provided on U.S. 550 and there is **no center left turn lane**. **Left turns are only permitted at intersections with traffic signals**. Camino Don Tomas is open with one lane of traffic in each direction (north and south) of U.S. 550.
