Construction Update: Week of April 26-May 2, 2021

NOTE: All work is scheduled weather permitting, and is subject to change without notice.

REGULAR WORK HOURS: Monday-Friday 7 a.m.-5 p.m., although crews may work longer hours or weekends if needed.

TENTATIVELY SCHEDULED THE WEEK OF MAY 3-7, 2021 – Eastbound U.S. 550 will be open from Jemez Canyon Dam Road to the Rio Grande Bridge. Traffic will be shifted to the south to accommodate construction activities on the north side of U.S. 550. **A new map and details will be provided in advance of these changes.**

CONTINUING: Crews will pave the detour for the traffic shift and continue to install storm drainage pipe. They will be installing concrete drop inlets and subgrading and tying in sidewalks on the north side of U.S. 550 and subgrading and placing sidewalks and curbs on the south side of U.S. 550. Westbound motorists are able to turn right on Jemez

Canyon Dam Rd, but there are no U-turns and no left turns at this intersection. Motorists can access the U-turn at Bosque Brewing. The left turn at Sheriff's Posse Rd is open, but crews may occasionally have to block access to this turn for ongoing work at the intersection. We anticipate installing the traffic signal at this intersection sometime in early to mid-May. **Motorists turning left on Sheriff's Posse Rd should yield to oncoming eastbound traffic on U.S. 550.**

ONGOING: Traffic heading eastbound on U.S. 550 is shifted toward the center from Jemez Canyon Dam Rd to the Rio Grande Bridge so crews can work on the outside lanes in that area. **The inside left lane of westbound U.S. 550 remains closed for work in the median.** For the most part, there are two lanes open in each direction on U.S. 550 (east and west); however, there may be occasional lane closures for curb and sidewalk installation and miscellaneous construction activities during non-peak hours.

MOTORISTS ARE ENCOURAGED TO EXPECT DELAYS AND TO GIVE THEMSELVES EXTRA TIME TO REACH THEIR DESTINATIONS.
