

U.S. Department of Transportation
**Federal Highway
Administration**

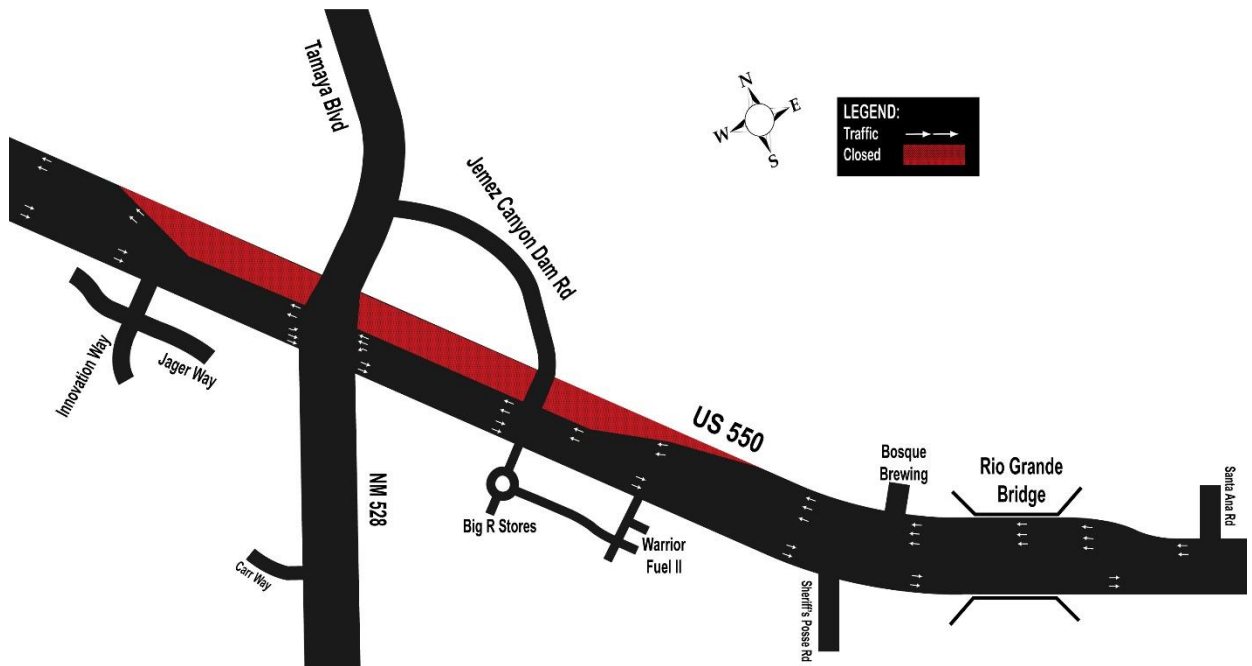

Construction Update: Week of May 17-23, 2021

NOTE: All work is scheduled weather permitting and is subject to change without notice.

REGULAR WORK HOURS: Monday-Friday, 7 a.m.-5 p.m., although crews may work longer hours or weekends if needed.

CONTINUING: Westbound traffic on U.S. 550 has shifted to the south from Jemez Canyon Dam Rd to west of Tamaya Blvd. **NOTE:** There is only one turn lane for westbound traffic on U.S. 550 to turn left to access southbound NM 528. *Westbound U.S. 550 motorists turning left to head south on NM 528 should expect delays and give themselves extra time.*

Westbound motorists will still be able to turn right on Jemez Canyon Dam Rd, but there are no U-turns and no left turns at this intersection. Motorists can access the U-turn at Bosque Brewing. The left turn

at Sheriff's Posse Rd is open, but crews may occasionally have to block access to this turn for work at the intersection. We anticipate installing the traffic signal at this intersection sometime in late May. **Motorists turning left on Sheriff's Posse Rd should yield to oncoming eastbound traffic on U.S. 550.**

For the most part, there are two lanes open in each direction on U.S. 550 (east and west) to about Warrior Fuel II and three lanes open on westbound U.S. 550 from the Rio Grande Bridge to past Bosque Brewing; however, there may be occasional lane closures for curb and sidewalk installation and miscellaneous construction activities during non-peak hours.

MOTORISTS ARE ENCOURAGED TO EXPECT DELAYS AND TO GIVE THEMSELVES EXTRA TIME TO REACH THEIR DESTINATIONS.
