

U.S. Department of Transportation
**Federal Highway
Administration**

Construction Update: Week of July 12-18, 2021

NOTE: All work is scheduled weather permitting and is subject to change without notice.

REGULAR WORK HOURS: Monday-Friday, 6 a.m.-4 p.m., although crews may work longer hours or weekends if needed.

ONGOING: Traffic on Tamaya Blvd is shifted to the east just north of U.S. 550, with one combination thru lane/right lane and one dedicated turn lane open southbound and one lane open northbound. **NOTE: Crews are continuing to pave Tamaya, NM 528 and U.S. 550.**

Traffic on NM 528 is also shifted to the east, with two lanes available in each direction (northbound and southbound). **See note above about paving.**

Westbound traffic on U.S. 550 is shifted to the south from Jemez Canyon Dam Rd to west of Tamaya Blvd. **See note above about paving.**

NOTE: There is only one turn lane for westbound traffic on U.S. 550 to turn left to access southbound NM 528. **Westbound U.S. 550 motorists turning left to head south on NM 528 should expect delays and give themselves extra time.**

Westbound motorists are still able to turn right on Jemez Canyon Dam Rd **unless paving is underway in this area**, but there are no U-turns and no left turns at this intersection. Motorists can access the U-turn at Bosque Brewing.

TRAFFIC SIGNALS: Our traffic signal engineer is continuing to monitor traffic signals for east-west traffic on U.S. 550 as well as for north-south traffic on Tamaya Blvd/NM 528. We will do our best to avoid and/or clear traffic backups, but would appreciate the assistance of motorists. **If you can, travel during non-peak hours (avoid mornings between 9 a.m.-12 noon and afternoons between 3-7 p.m. if possible).**

MOTORISTS ARE ENCOURAGED TO EXPECT DELAYS AND TO GIVE THEMSELVES EXTRA TIME TO REACH THEIR DESTINATIONS.
